

# ARTIFICIAL TURF

# ATD

Sports turf related infections are a growing concern for any synthetic sports field manager. Regular disinfectant applications can be a safe and effective way to reduce this danger. Redexim ATD (Artificial Turf Disinfectant) is registered by the Environmental Protection Agency as a broad spectrum disinfectant, cleaner, deodorizer, fungicide and mildew-stat.

# ATD - ARTIFICIAL TURF DISINFECTANT

ATD disinfects and kills a broad spectrum of bacteria and viruses such as Staphylococcus, MRSA, E-coli, Salmonella, Pseudomonas, HIV, Hepatitis B & C and similar pathogens. It also kills Athletes Foot and other fungi. Mix 1 ounce Redexim ATD to 1 gallon water, spray on surface and allow to air dry for long-lasting effect.

Use the Redexim Verti-Spray to spread ATD
