

O V E R S E E D E R

1575/2075

The OverSeeder has been completely redesigned, making it the fastest, most versatile and efficient version to date. With it's innovative unequal disc slitting system, the OverSeeder actually plants the seed firmly in the ground, providing outstanding seed to soil contact and providing unmatched germination.

OVERSEEDER 1575/2075

Boasting a tight spacing under 3 inches, each seed coultter is individually suspended and accurately follows terrain. The new seed box on the 1575 and 2075 utilizes a proven roller design allowing the machine an infinite range of feed rates with all seed types, from the very large to the very smallest bent grass seed. With working speed up to 9 miles per hour, the new OverSeeder is capable of re-seeding a football field or golf course fairway in minutes.

WORKING SPECIFICATIONS

	1575	2075
Weight:	2596 lbs. (1178 kg)	3062 lbs. (1389 kg)
Spacing:	2.95" (75 mm)	2.95" (75 mm)
Disk Qty:	21	28
Working Width:	60" (1.5 m)	80" (2.0 m)
3-point type:	Cat-2	Cat-2
Seed Box Cap:	8.8 cu/ft. (.25 cu m)	10.6 cu/ft. (.4 cu m)
Delivery Rate:	Infinite	Infinite
Rec. Tractor:	45 HP w/3080 lift cap.	50 HP w/3520 lift cap.

FEATURES / BENEFITS

FEATURE	BENEFIT
Working speed 9 mph (14.5 km/h)	Reseed a complete football field in four directions in less than 2 hours - saving time
Large 8.8 cu ft hopper	Enough seed per load for a complete field- saving time
80" (2.0 m) working width	Wide sward - saving time
Each seed planted individually	Seed is planted in the ground and not affected by wind - increased germination
Twin discs	Follows undulations in ground without missing. No bare areas when seed grows through
Water filled roller	Reseed during playing season
